UPCOMING EVENTS

- 25-26th August Practice QCS Test
- 31st August—1st Sept Year 10-11 Work Experience.
- 1st-2nd Sept QCS Test
- 11th September X-Country
- 11th September Rehersal for MADD
- 12th September MADD Performance
- 16th September Yr 8 immunisation.
- 18th September Pirate Day.

CW Cricket Trials

On Friday the 7th of August, 17 Students from Barcaldine State School had the opportunity to travel to Alpha to trial for Central West Cricket 12 years and under. The weather was sunny and hot, but a fun day was had by all. Selections were made and the standout students where chosen.

Our Barcaldine representatives are Josh Bettens, Jake Hansen, Harrisson Gray, Luke Curr and Jackson Miller (shadow). These students will now go onto the North West Trials in Mt Isa on the 12th and 13th September. We would like to wish them well and look forward to hearing their results. A special thanks to Mrs Craven and Mrs Gray for taking us to the trials.

Written By Jake Hansen, Riley Walsh and Hayden Vearncombe.
Dear Families

We are now half-way through term 3! Now is the time that assessment really starts to “ramp-up” for the students and it is important for students to manage their time appropriately and to meet all the deadlines with homework and assessment so that they have the opportunity to achieve to the best of their ability.

A reminder that Term 3 Interim Report Cards will be mailed home on Friday 18 September.

Learning Pathway Planning Interviews

In the week of 03 August, our Learning Pathway Planning Interviews took place. These were extremely well attended and I hope were a worthwhile experience for all students, parents and teachers. Research shows that when schools and home work together the learning and success outcomes for children is greatly increased. The aim of these interviews are to focus on our students, their achievements, goals and ambitions and what we, teachers and parents/caregivers, can do to assist our young people to achieve their goals and be the best they can be.

School Attendance

Over the last few weeks there has been significant illness through the town. This has meant a large number of students have been absent from school each day. I wish to thank all parents who have rung to let us know that their children will be absent because of illness. It is however, important to remember that school age children are required to attend every school day unless they are sick or have a legitimate reason for absence. Students who are going to be absent for an extended period of time (5 days or longer) are required to provide a medical certificate or apply for an Exemption from schooling. It is a legal requirement that student absences are explained and that the absence is a legitimate reason for the student not to attend school.

As part of our School Wide Positive Behaviour plan we have introduced a reward program for attendance. At the end of term the class in Primary and the class in Secondary that has the highest attendance will be rewarded with a luncheon. Students with high attendance rates will also be rewarded with certificates at the end of the year.

INTERNET Safety

Last year, Mr. Brett Lee came to Barcaldine to speak with students, parents and the community about Internet safety. It is important that we have well informed young people who know how to effectively, appropriately and safely use the internet and other electronic media. I am pleased to announce that thanks to Anglicare Mr Brett Lee will be returning to our community. Mr Lee will be in Barcaldine on Wednesday 26 August to again conduct sessions with students and parents on effective and safe use of the internet. Mr Lee will conduct sessions with students from Year 6 – 12 during school hours on the 26th August and then conduct a session for parents and the community beginning at 6:00pm.

NAPLAN Results

Students who completed NAPLAN this year will have their results mailed home this week. Overall our school did quite well, achieving on par with the nation with 100% of our students achieving at or above the National Mean Standard in Spelling in Year 3, 5 and 9; Grammar and Punctuation in Year 3, 5 and 9 and Numeracy in Years 5, 7 and 9.
Work Experience and Queensland Core Skills Test

Year 10 and 11 will undertake work experience in the week beginning 31 August (Week 8 of the term). Year 10 will have their work experience locally, whilst Year 11 will travel to Brisbane to undertake their experience. I would like to take this opportunity to thank all the local businesses who support our students by allowing them into their workplaces for work experience.

Also in Week 8, on September 1 and 2 Year 12 students, looking to achieve an OP score, will sit the Queensland Core Skills Test (QCST). Students have been working hard on their practice tests and I am sure will do their very best on this important test.

Til next time

In All Our Best

Grant Williams

This term the Prep class have been practising their reading strategies with buddies’ from the Year 7 class. Each week the Preps and Year 7’s spend half an hour engaged in reading activities that reinforce reading strategies for both year levels. The Prep’s have been learning and practising decoding skills such as ‘eagle eye’, ‘lips the fish’ and ‘stretchy snake’. Meanwhile the Year 7’s have been focusing on fluency, pace and comprehension skills with their reading practise.
Dear Families

There has been much occurring in the secondary school and still much to occur over the next fortnight.

**QCS Testing:**

The Overall Position (OP) preparations are drawing to a close for the preparation of the Core Skills Test (external testing). There will be a practice test period for the students prior to the actual test days; arrangements are:

</tbody>
</table>

Notification will be sent home with participating students regarding the organisation of times and meal break. Families are advised that notification must be made with the school, should your child be absent from school for any of the actual test sessions, as there are a number of protocols that must be followed regarding the Queensland Curriculum and Assessment Authority's (QCAA) processes and requirements.

Where there is any doubt, please do not hesitate to make contact with me at school or after hours, as non-attendance will alter the management of your child’s information to the QCAA.

**Programme for International Student Assessment (PISA) Testing: Computer Based Assessment**

Wednesday, 19 August 2015, saw students born between 01 May 1999 and 30 April 2000; twelve students in all, undertake the PISA test. The students did well and found the experience interesting, however some (including me) were quite nervous about it all, but as always they all came through the experience very well. We should receive some feedback about our individual school, as well as other schools towards the end of 2016.

Undertaking PISA is important because the results of the assessment can be used:
- to indicate how well prepared students in Australia are for learning once they leave school
- to identify areas of improvement over time by school, education systems and governments and
- to allow a comparison of student performance and the learning environment between different countries

PISA involves more than 70 participating countries and is sponsored by the Organisation for Economic Cooperation and Development (OECD). PISA has the following characteristics:

- it is the world’s largest international assessment of education
- it surveys students aged about 15 years of age
- it assesses student’s preparedness for adult life
- it measures students’ literacy in Science, Mathematics, Reading and Finance and collaborative problem solving, and
- it collects context information about educational practices in participating countries
An interesting statement from PISA comparing Australian 15 year olds with the same demographic in some higher-performing countries:

... Australian 15 year olds are most likely to persist with challenging problems than some of their peers in high-performing countries ... and

... Australians tend to persist at thinking it through ...

Work Experience – Years 10 and 11:

Work Experience for both of these year levels is fast approaching. Correspondence for these students has been sent home detailing all of the necessary information related to the planned itinerary for the Year 11 students and the Year 10 students have received last minute details with regards to the organisation of the ‘local’ Work Experience.

Work Experience commences on Monday, 31 August 2015 and concludes at business hours on Friday, 04 September 2015.

We look forward to be able to share with our school community some stories and fabulous photos of work places and any new skills learnt (ice skating for the Year 11 students will be an excellent new skill).

I would ask that all families please carefully read the arrangements that have been made and should you have any additional enquiries, please do not hesitate to make contact with me to discuss these.

Certification undertaken by students at our school:

We are indeed fortunate to be availed the opportunity to have many student undertake a range

Certificate II in Kitchen Operations – Please be advised the ‘Red Truck’ will be here in week one and two in Term Four. Some of the students will be signed off for completion of the Certificate Two, having attained Competency. Competency will culminate in a Dinner Party with a Mexican theme. The Year 10 students will continue with their Certificate for the remainder of this year and 2016, when they too should attain Competency.

Certificate II in Sport Coaching (Touch or Netball) – This Certificate will conclude on Thursday, 27 August 2015 and the students who have been present for all of the required days, should receive their Certificate of Competency on the same day. This has been a wonderful opportunity for our students (also for the Longreach and Blackall students who have been travelling to our school to participate in this Certificate). Seventeen of our students will receive a completed Certificate and they should be congratulated for their efforts, behaviour and application to the Certificate.

Certificate II in Rural Operations – The Certificate will be underway in Term Four, week four with the students travelling to the Australian Agricultural College Corporation (AACC - Emerald) to commence this Certificate. This Certificate runs parallel to the subject and assessment for the senior subject, Agricultural Practices. I will look forward to hearing about what new skills will have been acquired and I hope that I am able to share with you all some great photos. Information will be sent home to families towards the end of this term.
Service to our Community – Meals on Wheels

I am not sure if families are aware that we are on the Meals on Wheels Roster. I with a number of students undertake Meals on Wheels every four weeks. This is a wonderful opportunity to be involved with a service to the community and all of the students really enjoy being involved (I tell them that they are practising for when they have to deliver Meals on Wheels to me). It gives me great please in sharing some of our photos with you all.

In closing, I would like to share with you all some of the following (to be found in the latest Reader’s Digest)....

- Every beetle is a gazelle in the eyes of its mother (Moorish Proverb)
- A mother is not to be compared with another person. She is incomparable (African Proverb)
- There is only one pretty child in the world, and every mother has it (Chinese Proverb)
- The greatest love is a mother’s, then a dog’s then a sweetheart’s (Polish Proverb)

As quoted in Mums Are Like Buttons: They Hold Everything Together (Pan Macmillan); until next time.

Meegan Wills
Numeracy
As mentioned in previous newsletter articles, Barcaldine P-12 State School has begun a focus on improving the numeracy outcomes of our students. I will continue to include snippets of how you may assist your child in developing their numeracy skills at home.

Exploring numeracy with your child
While board games and puzzles may appear to be just fun activities, they can also help to improve your child’s numeracy skills and encourage them to think logically.

To be numerate is to confidently and effectively use mathematics to meet the everyday demands of life.

Many opportunities to be numerate happen at home. Here are a few ways you can explore numeracy with your child:

- show your child how you use maths for different reasons, such as looking at timetables, calendars and clocks
- talk about the numbers and patterns your child comes across each day while playing games or sports
- encourage your child to count and sort objects into groups. You could use books, clothing or shoes and discuss how they sorted them into those groups
- explore ways to use and count money through budgets and shopping. Let your child calculate the cost of items and help them add up how much change you will receive
- ask questions such as “does that make sense?” or “can this be done another way?” to help develop numerate thinking when they are solving problems
- talk positively about maths and show interest in the maths they learn at school.

NAPLAN
NAPLAN plans results were officially released on the 5th of August. Student individual reports will be sent home by the end of this week.

How to read the report
- The first page contains a brief explanation of NAPLAN and how to read the report. The matrix on the fourth page provides a summary of the skills assessed in this year’s tests.
- The student’s results for each assessment area on an achievement scale marked in bands as shown by
- The national average for each of the assessment areas, as shown by
- Whether a student’s achievements fall within the middle 60% of the year level cohort as shown by the shaded area or whether they are at a higher or lower range.
On Friday the 14th of August, Central West was held at Longreach State School. The day started a little fresh but it certainly warmed up quickly. It was a wonderful day on all levels, with plenty of team spirit, a healthy level of competition and many supporters. Myself, being one of those supporters I was very proud to say that Barcaldine State School students participated with enthusiasm and demonstrated good sportsmanship. It was wonderful to hear them supporting their teammates and congratulating them on their efforts.

Congratulations goes to our Age champions who were 10 Years Boys Jake Hansen, 13 Years Girls was Kasey Marshall, 14 Years Girls was Liz Pumba and 15 years Girls was Katie Rafter. A Huge effort was made by Lily Gray who broke the record for the 10 years Girls 800 metre run with a time of 3:4.36 the record being 3:22.69 and Angus Stewart who broke the record for the 11 years Boys Shot Put with a throw of 7.72m the record being 7.59m.

We are very delighted to say that we have quite a few students from Barcaldine State School who will be representing not only the school but Barcaldine and Central West at the Sunset Athletics Carnival. If they received a 1st or 2nd at this event they then have the opportunity to represent the North West Team. So a huge Well Done! Congratulations! Good Luck to those students. You do us proud!

Joanne Mann

Year 5 students have been very busy identifying and using a variety of poetic devices in English to create and analyse a variety of poems. Students are discovering and developing imagery that will bring their poems to life. They are also learning that poetry can have different purposes and topics. We hope you enjoy reading our mini poems.

Happy Reading,

Mrs Craven and the Talented Year 5 Students.

---

**Luke Grainger**

Lacy Luke is lying on a lounge chair
like a lizard in the lazy La La Land.
Snore!

---

**Lily Gray**

Tiny Tim tripping
Trouble makers like a Sneaky spy.
Screech, snap!

---

**Abbey Mann**

I woke one morning
my room was as quite as a waterfall splashing in the lake.
Swish, swoosh.

---

**Hayden Vearncombe**

Hasty Hayden saw Hercules
holding one hundred heavy hogs
like a grown man carrying his baby.
Boo hoo Boo hoo.

---

**Angus Stewart**

Five furious frogs fighting fish
like flamingos firing a gun.
Bang!

---

**Ellie Williams**

Small sneaky monsters as blind as bats
Were under my bed at night and
They gave me a big fright
Boo!

---

**Jake Hansen**

Six silent snakes sucking slimy slugs
like snakes drinking drinks sensibly.
Slurp, slurp.
Mitchell Hite

Mitchell Mouse makes messy milkshakes madly
Like monster monkeys jumping in a tree.
Snap!

Jackson Miller

Coco crocodile was cooking a cockroach
as quickly as a cheetah chassing a gazelle.
Bang! Kapow!

Luke Curr

Seven children acting like snakes
sniffing seven sugary sour straps
Sniff, sniff.

Jack Walton

Big bad bulls in the cattle yard
mooing, boo hoo
Like a happy ghost in the church.

Summer Gorman

Flounder the frog found
five funny fish flapping around hopelessly
when suddenly seven savage seagulls
swooped them up.
Snap!

Hannah Dean

Horrible Hannah hurt Hairy Hippo.
Hairy Hippo is as hard as a brick.
Bang!

Emma Chandler

Forty friendly fish
Fishing for food in France
Like flamingos flying through the air.
Plop!

Amy Holden

Five fat cows cooking crackle on the BBQ
Like mum and dad cooking pork for tea.
Crunch, crunch in my mouth.

Blake Lipsett

Five fat frogs frying flies like a camp fire. Crackle!

Mia Dickson

Mia’s magpie, Mya, messily made mini milkshakes
Meanwhile Mia made mind-blowing marshmallows.
Slup, munch.

Ella Counsell

Daring dangerous dingoes
Diving like Olympic swimmers
into the dark Dingo Dam.
Splash!

Riley Walsh

Antonio accidently ate an Ape
who was adjacent to an ant.
Munch! Munch!

Emily Hurst

Boris, the big bird, bounced
broadly across the
Brisbane Broncos Football
field.
Boing! Boing!
Lost Property Is Overflowing!!

Barcaldine Netball Association

Thirty-six teams from nine netball associations across Central Queensland lunged onto the Emerald netball courts at the weekend for their annual junior carnival.

Barcaldine Netball Association sent 3 teams across to compete in the carnival. Barcaldine was represented in the Under 9’s, Under 10’s and the Under 16’s. Unfortunately the under 16’s had 2 girls receive injuries on the court on the first day. Thus leaving only 6 players to take to the court but still they fought on with such determination. The Under 10’s came home with a runners up trophy winning all, bar one of their games. The Under 9’s Played well, and came home with a trophy also. All age groups performed at a high level.

English Communication
Students Teaching the Elderly
New Technology

On Tuesday the 18th of August, twenty of our English Communication students were over at the Golf Course for the Elderly Olympics. While they were at the Golf Course, they also completed an assessment task for English Communications. This assessment task involved students teaching some of the elderly persons how to use a chosen piece of technology. The students chose an aspect of a piece of technology to teach someone how to use. They all did a fantastic job and thoroughly enjoyed working with the elderly and answered any questions they had about technology. It was a great activity.

Secondary Captains’ Report

Hello all,

Welcome to the end of another busy week of term 3! We’ve had a lot on this week, with select year 10 and 11’s participating in PISA testing, an international test for knowledge and skills in science. We would first like to wish all those who have participated good luck.

Coming up this weekend is the Sunset Athletics Carnival in Longreach, where the North West team will be chosen from the top competitors. To any students attending from our school, we’re confident that as always, you will put in your best effort and see great results. We wish you luck.

In even more exciting news, we’re getting closer and closer to the much anticipated MADD night! On Saturday the 12th of September, come along for the matinee show at 11:00am, or the later show at 6:30pm to see the best our great school has to offer in the fields of music, media, dance and drama. With Miss Wahlin being the driving force behind this production, we’re certain it will be a great hit and hope to see you all there!

Bye for now,

Kate and Gibby
Wow we have flown through term 3 very quickly. Lots have happened in the last couple of weeks of the beginning of this term.

Firstly we would like to thank the Central Western Aboriginal Corporation for the presentation of the student art works from NAIDOC week. We would also like to thank them for their generous donation of a beautiful aboriginal painting for the school community.

In week 4, all teacher, parents and students participated in the Learning Pathways interviews. We hope everyone had fun talking to their parents about their goals for the future.

On the 7th of August, Mrs Craven and Ms Lainie took a bus of year 5/6 got to represent Barcaldine State School at the cricket trials in Alpha. Congratulations to Joshua Betteins, Harrison Gray, Jake Hansen, Luke Curr for being selected and to Jackson for selection as shadow. It was a great day.

Last week, some students travelled to Toowoomba to participate in the State Touch carnival. Unfortunately, no one was selected, but we would like to congratulate everyone who had a go. We also had players from Brisbane East Rugby League Club and a NRL Development Officer from the Intrust Cup come and run a training session with students. Prep-3, 4-6 and then a lunch time session for the high school. It was great to be able to have a go at different ball handling skills and team building games.

Yesterday, the year 6 class, along with the 11/12 Modern History class, attended the State Library White Gloves Experience. During this activity we were able to look at genuine World War I memorabilia. It was interesting to see the way the writing, fashion and photographs has changed over time. It was also lovely to hear the different stories of the soldiers.

We have seen lots of students working hard and heard lots of great comments from teachers. Students have been showing, as well as demonstrating, responsible, respectful and safe behaviour. Keep up the great work.

Pirate Day 2015

Student Council invites students, parents and guardians to participate in our annual Pirate Day festivities on the 48th of September. Get your pirate costume ready for a morning pirate parade from 8:50am and be prepared for some fun pirate themed activities from 1:30pm.
A gold coin donation will be required to participate in the festivities!
